

# Here's Your Weekend Herald: Late News, Sports, 'Tiny Herald'

This is your Weekend Herald, available on most Herald newsstands Sunday morning and through the mail Monday morning each week.

It is Milam County's first weekend newspaper.

It is going to more than 3,000 Milam area families.

You will find the format and page size the same as the Thursday Cameron Herald.

It contains the "Tiny Herald" for youngsters' enjoyment early in the week.

It contains Friday night sports coverage and general news developing between Wednesday and the weekend.

Newsstand distribution makes it possible for readers to receive this Weekend Herald Sunday morning along with the big Sunday papers of various Texas cities.

Annual subscription to your Weekend Herald, combined with the Thursday Herald, is \$5.50 anywhere in Milam County and trade area in neighboring Rogers

and Rosebud communities. Annual subscription outside the Milam area is \$6.50.

Newsstand price is 10 cents, same as the Thursday Herald.

L. A. Matula, of Gause, is directing distribution through 33 Herald news stops and stands in the Milam area, where you are accustomed to buying the Thursday edition.

New subscribers pay only \$5.50 for 104 newspapers a year, receiving them by morning mail Thursday and Monday.

Present subscribers may take both Heralds by paying \$2 and a pro-rata balance on the Thursday Herald, when paid in advance. This will enable your subscription to come due at the same time for both papers.

Cameron's modern growth cycle makes possible this new entry into Central Texas journalism.

News deadlines are 9 a.m. Wednesday for the Thursday Herald and 1 p.m. Friday for the Weekend Herald.

Classified ad deadlines are 11 a.m. Tuesday and 1 p.m. Friday. Display ad deadlines are noon Tuesday and 11 a.m. Friday for the Thursday and Weekend Heralds respectively.

The Herald's distribution enables newsstand sales throughout the Milam area as well as regular mail subscription anywhere.

Your Weekend Herald is available at the following 26 Cameron locations, Sunday morning at many of them:

Texan Cafe, 7-11 (Allied) Drive-In, Safeway, Inc., Green Grocery, Keith's Minimex, Newton Hospital, Simmons Drug, Farm & Ranch Store, Day & Nite Grocery, Matula's Red & White, Hickman's Grocery, Shuffield Grocery, Cameron Nursing Home, Hensley-Russell, Inc., Walled Lake Door Co., St. Edward Hospital, Harwell Grocery, Dairy Queen, Dairyland, Lehnert's Drug, Dusek Pharmacy, E. ### Now With F.M.L.

Mr. and Mrs. Alfred Vrazel, Rt. 2, Buckholts, are the first subscribers to the semi-weekly Thursday Herald and the Weekend Herald (Sunday-Monday).

Now . . . Is the name of the Weekend Herald's Page 1 column.

Why?

Because this edition hopes to bring area news and ads to readers during their Sunday leisure time when there is more time to read and Monday morning in time to plan early week shopping and work.

Now . . .

Is the time to contribute to the Cameron United Fund, if you already have not given or have not been contacted.

Goal is \$9,300, largest since the fund was reorganized in the mid-'60s.

Dana Kestenbaum, this year's United Fund chairman, urges workers (and 1 and 2) with cords outstanding to complete their portion of the annual drive for six participating agencies: Boy Scouts, Girl Scouts, Red Cross, Salvation Army, USO and Cameron Teen Club.

Now . . .

Is the time in Milam communities to remind readers there of who brings together their news for both the Thursday and Weekend Heralds.

They are:

BUCKHOLTS— Mrs. Edwin Gandy.

BURLINGTON— Mrs. Gerald Foshee.

GAUSE— Mrs. Wanda Lee.

CLARKSON— Mrs. J. A. Blasien.

JONES PRAIRIE— Mrs. Bill Thwait.

MAYSFIELD— Mrs. J. P. Wise.

MILANO— Mrs. Billie Warren.

SAN GABRIEL— Mrs. Ralph Heisch.

SHARP-TRACY-FRIENDSHIP— Mrs. Leroy Guillote.

ROGERS— B. F. Harbour.

Now . . .

Salutes the progress of the 1969

Cameron Yoemen, yet building to a

showdown with 19AA power Georgetown next Friday night.

A team that puts together a

sound defense and a versatile offense

from scratch in a few weeks is a

team in which to have particular pride.

It is interesting, as well, to note

the continued development of power

teams in Buckholts, Milano and

Rogers. It is somewhat like a season

a few years ago when Rogers, Cameron

and Buckholts went to regional level or

better, in the case of Rogers. And Buckholts

played Milano in Cameron for the right

to go to regional playoffs in Class B, the

highest level B-district football achieves.

That's all for NOW. . . this weekend.

Judge Black Joins

CTCOG Exec Group

The executive committee of the Central Texas Council of Governments has elected Bell County Judge William C. (Billy) Black vice president of the committee. Judge Black, son of Milam County Sheriff Carl Black, recently returned from Washington, D. C., to accept the Bell County judicial post. He served as legal counsel to the House Agriculture Committee for two years.

### UR Tour Shows 'Cameron Can Do'

Thursday's tour by Housing and Urban Development representatives, engineers, and Cameron urban renewal leaders included not only the 10-block area where "Cameron wants to do" but also those areas where "Cameron can do."

The group toured the downtown Cameron area included in the urban renewal project, along with the City's industrial area, St. Edward Hospital building site, and new low-rent housing projects under construction.

Seven representatives from the Fort Worth HUD office and two from the Houston engineering firm of Bernard Johnson were accompanied on the tour by local urban renewal board members and Mayor E. A. Perria.

The meeting was called to re-evaluate and reassess Cameron's

United Fund Drive Past Half-Way In Drive For \$9,300

The United Fund Drive, now in its fifth week, has reached 60 percent of the \$9,300 goal set by directors in September. Dana Kestenbaum, Fund chairman, said the drive was going well so far and asked any workers who haven't turned in their reports to complete their contacts and return their cards by the end of this week if possible.

United Fund Drive officers are: Kestenbaum, chairman; Bernay Dusek, 1st vice president in charge of house to house drive; Delbert Burlison, 2nd vice president in charge of drive kick-off; William Kelm, treasurer; Mrs. W. C. Wallace, secretary.

FULLER HAS SURGERY City Secretary J. P. (Buddy) Fuller is at M. D. Anderson Hospital, Houston, where he underwent surgery Tuesday.

### SHORT CROP PUTS COTTON INTO TRADE

Milam County's short staple cotton, a surplus on the market the past decade, is in short supply this year and going into trade rather than the warehouse. Bad weather conditions throughout much of the Cotton Belt and reduced subsidies for domestic cotton were blamed for the shorter crop.

In Milam County the crop yield was higher than predicted in August with 10,325 bales ginned and an estimated 150 bales still in the field. Texas Crop and Livestock reported 15,900 bales of cotton were produced in Milam County last year.

The short staple cotton ranged in price from about 15 cents to 22 cents. E. A. Flinn, local cotton buyer, said the cotton in this area averaged about 18 cents, this year. The selling price plus government price - support payments will give growers from 30 to 35 cents on the average.

Flinn said most of the cotton grown here is bought for export, much of it headed for Japanese mills.

Because of the short crop, USDA announced last week an increase of one million acres in upland cotton allotments for 1970. The farm domestic acreage allotment has been set at 65 percent of the farm acreage allotment.

Alva Sanders, ASCS manager, pointed out that cotton producers are seeing a reverse in cotton buying. "Ten years ago we put a lot of cotton in warehouses under loan in this area. Now the long staple growers are producing a surplus and where they are warehousing a lot of cotton in the Brazos bottom counties, most of ours is being bought."

Round Rock 22, Rogers 6

Buckholts 24, Jonesboro 22

Rosebud 68, Leon 0

ROGERS It was halfback Monroe Daniels who made the big difference in Eagle Country Friday night as the Round Rock Dragon back went for three touchdowns for a RR win, 22-6.

Rogers went on the scoring board first in the first quarter 6-0 when Eugene Brenek drove for 2 yards and the only Rogers TD of the evening. The PAT went wide. Daniels led a Dragon drive early in the second quarter, capping it with a 10-yard dash for the first 6 points, the kick by Lee Dominguez good. Round Rock 7, Rogers 6.

It was Daniels again in the third quarter when he arose for half the length of the field and his second touchdown. He added 2 extra points for the measure, Round Rock 13, Rogers 6.

Rogers tried to move the ball late in the game, but the Dragon defense held and turned Daniels loose for a final touchdown from 5 yards out. Dominguez kicked the PAT and scoring ended Round Rock 22, Rogers 6.

Daniels efforts made the difference in statistics, with 17 RR first downs to Rogers' 12.

The strong Dragon offense, due to challenge the Yoemen November 10, racked up 250 yards on the ground and 93 yards in the air. Round Rock completed 6 of 12 passes, Rogers 2 of 3.

Rogers ground game was strong, gaining 176 yards. Penalties were practically nil and Rogers intercepted 1 RR aerial.

### 'New Look' For English

Schools are changing, and if you don't believe it try these words: phonology, phoneme and morphology. They are just a sample of the new vocabulary in linguistics that will be explained by Mrs. Patsy Edmonds at Cameron PTA, 7:30 p.m. Thursday at Ben Milam School.

Mrs. Edmonds, English teacher at Cameron Junior High, studied the new linguistics in a special course last year and later taught a workshop for other English teachers in the Cameron schools.

New books using the linguistics system are in use in grades 1 through 3 in Cameron. The high school will adopt the new form when text books are purchased next year.

"Linguistics is a scientific approach to English," Mrs. Edmonds said. "Probably most confusing to parents are the new words describing parts of speech

BUCKHOLTS Norman Haisler scored twice himself and passed for a third touchdown to Badger Steve Mendoza, leading Buckholts to a 24-22 win over Jonesboro.

Jonesboro's Dale Summerfield matched the Haisler performance, almost with a 55-yard pass to Jim Murray. Summerfield converted, and with a 70-yard throw to Ray Martin, Summerfield again kicking the PAT. Summerfield also scored the third Jonesboro score on a 15-yard run.

The 19-B district crowd watched both quarterbacks move the teams, but the winning edge was brother Gordon Haisler's drive for a fourth Buckholts score.

Each Badger attempt for extra point or points missed.

The four-touchdown production was enough for the Badgers to rack up their second district win against no losses.

Milano Sits Out Open Date Friday

The Milano Eagles are resting this Friday night on an open date, but look forward to extending their 5-1 record in November 7's game with Jarrell.

Coach W. E. Smith told The Herald the Eagles had previously defeated Jarrell 46-0 in early season play.

The Eagles took their first loss in a Buckholts Homecoming game last week which the Badgers won, 38-20.

Eagle halfback Ethan Williams is leading Milano scoring with a three - touchdown average per game. And quarterback Ben Graham is throwing some strikes as is Williams. The halfback threw 45 yards to end Joe Hendrix for a Milano score in the Buckholts contest.

Smith said Milano will play Jarrell November 7, Oglesby November 14 and Jonesboro November 21, final regular game of the season.

ROSEBUD Rosebud Panthers ground out 566 yards from scrimmage Friday night in Rosebud to obliterate helpless Leon (1-6), 68-0.

Three Panther backs scored two touchdowns each in a game that saw no Rosebud aerials. But who needs them when the backs are running at will.

The third win for Rosebud, saw kicker Tom Kirksey score two field goals from 23 yards out and seven extra points for 13 points.

Jack Turner went 41 yards, Craig Houpt 1 and 11 for touchdowns, Lindberg Johnson 3 and 1 yards for TDS, Kenneth Coulter 79 yards on a sweep and 18 yards for two more TD's and Winston Williams went 32 yards for yet another touchdown, the final one in the fourth quarter.

Longest scoring run was 85 yards by Alvin Jones who took a Leon second-half kickoff the same distance as Cameron's John Steamer. Kirksey missed one point after during the game.

One extra point was kicked by quarterback Raymond Pucnie.

John Steamer might have said: "Here, let me have that ball."

But it doesn't matter. He pulled in the soaring Caldwell second-half kickoff at his 13, turned to the north sideline and ran east for 35 yards on Yoe home turf Friday night.

A wall of Yoe blockers knocked down everybody by mid-field, perhaps all the speedy Hornet backs, but, aaaa, it doesn't matter. Steamer outran two would-be and scored the Yoe's lone touchdown in the 19AA win over Caldwell, 8-0.

Mueck's kick was wide, leaving the defensive duel at 6-0 before tackle Ron Richardson squashed Hornet QB Gary Easter behind the Caldwell double-stripe for 2 more points and a safety, the final margin, Cameron 8, Caldwell 0.

As for scoring, that was it. The Yoe went home with a 7-1 record, Caldwell 3-5.

For the crunch of lineplay, Richardson's tackle was only part of the story, particularly in a first half dominated by Caldwell, augmented by two Yoe fumbles.

GOALPOST NEAR

Yoe defense stalwarts Sam Knight, John Trubee, John Mayer and company spent those 24 minutes looking up at the Yoe goalpost. And they let past none of those swift Hornet backs, guys like halfbacks Jewel Dearman and Lonnie Heslip who slashed for 10 first downs, but couldn't score.

Up front, the inexperienced, but gigantic Hornet linemen like 260-pound Joe Carlson, guard Levell Emmons, and tackle Thomas Rock, etc kept the Yoe forwards busy, and Cameron's multibacks contained.

While Cameron had 8 points on the scoreboard, the big Hornet line held fullback Steamer, and halfbacks Emanuel Thomas and James Laury to five first downs.

But Steamer, behind that big Yoe wall, broke the "scoring ice" and the game with his second kick, off sprint of the year, the first for 36 yards against Rockdale.

Caldwell must have scouted the play. The chilling blocks were similar to the ones when Steamer went 93 yards against West with a punt. See STEAMER Page 2

## STEAMER-

Continued from page one

Between Steamer's Friday contribution and Richardson's hug for the Yoe safety, the Yoe got only two first downs.

Jerry Richardson hauled in an Easter pass at the Caldwell 34, but McLerran, on that chilly night, had to kick to the Caldwell 5, where Easter went down for the 2 points.

The first half found the Yoemen within their own 20 about six times. But Knight and Richardson and the Yoe held the Hornets back even if the Yoe backs couldn't take the ball beyond the 50, which was punted across shortly before the half.

The Yoemen fumbled twice in the first quarter while Dearman and Heslip drove to the Yoe 3, where Knight stopped Heslip for 0 and the ball turned to the Yoe on downs.

### STEAMER GAINS

Steamer got a first down, then a Yoe fumble put Caldwell on the Yoe 11 with a first. Four downs went flat with a fourth down incompletion and the Yoe's McLerran kicked out to the Yoe 48.

Dearman and Heslip slashed two more first downs to the Yoe 15, only to see a Hornet fumble again turn the ball to the Yoe. McLerran kicked out to the Yoe 42 once again. Caldwell tried three plays and kicked to the Yoe 1.

McLerran kicked from his 8 to the Yoe 37. A Caldwell kick four downs later threw the Yoemen back on their 10.

A final second-quarter McLerran kick pushed the ball to the Caldwell 43, the first time the Yoemen took a stand on the Hornet side of the 50. The half ended in incomplections and a Hornet penalty later.

Caldwell's Easter hit end Clarence Howell twice with first down passes, but that was all for the Caldwell offense in the second half, save one other first down when fullback Kocurek and Heslip went for 11.

Punt exchanges worked the ball into the Hornet's goalpost shadows late in the fourth quarter.

McLerran kicked one punt to the Caldwell 5. Two incomplete

Easter passes went just before Richardson grabbed him for the safety.

It was a chilly night and a small crowd. But the Hornets maintain d their string of tough gallagmes against Cameron. It was a win for Cameron by 8, two of the last three games ending in ties, and the third in the last three years won by Cameron, 14-13.

# Durrs Prefer Country

By Lloyd Albertson

Maybe it wasn't as interesting or as much fun living and working in the big city as it once had been. Maybe . . .

"Maybe we were just getting tired of the old rat race and wanted out."

That was one reason Mrs. Marshall Durr gave when explaining why she her husband and teenage son Bo moved away from Houston to their 158 acre ranch here in Milam County to live — thereby reversing the usual population trend which, as everyone knows, is for a family to move away from a farm or ranch in Milam County to live in Houston.

The Durrs have been residents of the county for more than a year, and they spent many weekends here the year before that.

Before they moved to Milam County, they had made their home in Houston for a number of years.

Marshall Durr was in the retail beer business there; he owned two night clubs — the Red Barn and the Chez Lounge on South Main. Mrs. Durr was employed for about twelve years as mortgage loan secretary for a Houston firm. She also assisted at the night clubs some evenings.

All in all they looked like confirmed city dwellers and pretty unlikely prospects for the rural life.

The bug bit them about three years ago. They began looking around for a place in the country. They inspected several tracts in different areas around Houston, but saw nothing they liked.

"If we bought a place in the country, we wanted it to really be out in the country," Mrs. Durr explained. "Not something along a main highway. We wanted a place down a winding country road, as country roads have atmosphere."

A Houston real estate man had a 158 acre tract of land in Milam County listed for sale, and he called it to their attention. They came up to look at it. It was located about six and one-half miles from Cameron in the Hoyte area and a mile off Highway 36. You reached it down a narrow country road. The property was run down, but had a house and one stock tank on it. The Durrs knew this was the one and bought it in March, 1967.

### WEEKEND TREKS

It was shortly afterwards that they began coming up from Houston on weekends to work on remodeling the house, build fences, and generally get the place in shape.

The usual program, according to Mrs. Durr, was for them to work

at the club until it closed at one o'clock Saturday night, go home, get into their camper truck and drive up to the ranch. There they would snatch about three hours sleep, then eat and get to work. They would drive back to Houston in time to clean up, dress and go over to the club in the evening.

"It was really hard, and I don't know how we did it," she admitted.

One weekend was spent hauling hay, which they had cut and baled, back to the barn, and she drove the tractor while Mr. Durr and Bo picked up bales and loaded them on the platform. All under a hot Milam County sun.

"When some of my friends in Houston noticed my tan, and I told them I got it while working in a hayfield, they thought I was kidding them," Mrs. Durr recalls. "They thought I got it lying around on the beach somewhere."

The Durrs left Houston and sold their club. They moved to their ranch to live in June of 1968 because, as they explained, they lived Cameron so much they decided to make it their home.

They have made a considerable number of improvements on the ranch — remodeled, enlarged and painted the house, cleared more land, planted the pasture in coastal bermuda, dug three more tanks and had a 400 foot deep well drilled. It is a working ranch and not a hobby.

### LIVESTOCK MIXTURE

In answer to a question about livestock on the ranch, Mrs. Durr compiled this list: 50 head of cattle, 2 horses, 26 ducks, 4 chickens, 2 bird dogs, 2 border collie dogs, 1 German shepherd, 1 shetland sheep dog, and 5 rabbits.

Ranching wasn't a totally new experience, since Mr. Durr and a partner engaged in it for awhile some years ago. So there hasn't been any of the city man's usual mistakes and the ranch is doing fine.

The Durrs have two children. Their daughter, Gayla, graduated last spring from the University of Houston and now is attending Graduate School there. She is a member of the National Honor Society. Their son, Bo, is a junior at Yoe High School and is active in the PFA and president of the Vocational Agriculture II class.

Marshall Durr is tall, with dark hair, a friendly smile, and — obviously — lots of energy. He is a 32 degree Mason and a Shriner.

Recently he entered the wholesale beer business here, getting a franchise for Shiner Beer. His territory includes Bell, Falls and Robertson Counties along with Milam. The office and warehouse is located at 201 Gillis in the former Woodson Lumber Company build-

## Inflation Shows Slowing Trend

WASHINGTON  
The first essential objective in getting inflation under control, namely, to stop its acceleration, has been successfully accomplished, according to Dr. Geoffrey H. Moore, Commissioner of Labor Statistics.  
In a statement before the Joint Economic Committee's Subcommittee on Fiscal Policy, the Labor Department official said that "we seem to be able to observe much the same sequence of developments occurring in recent months as that which has usually occurred when an inflationary period has been drawing to a close."  
Dr. Moore pointed out that "this does not mean that the general price level will not advance further. It is virtually certain to do so. But it also seems reasonable to expect, in my judgment, that a gradual reduction in the rate of price increase will follow from the relatively mild reduction in demand pressures that has already occurred."

"A recession is not necessary to bring about a decline in the rate of increase in the Consumer Price Index," Dr. Moore pointed out in a review of price changes over the past 25 years.  
Principal points of the Commissioner's testimony include:  
1. The current inflation developed gradually over the past four years, becoming more and more pervasive. The rise in the price level began to accelerate in 1965, and acceleration continued during most of the period since 1965. Expectations that prices would continue to rise became more and more widely held.  
2. There was a significant but short-lived interruption to this process during 1966. Every one of the demand - pressure indexes declined, and the rate of increase in the Consumer Price Index fell from 4 percent to 2 percent. But early in 1967 the inflationary process resumed its course. By the end of the year it had made up for lost ground, and it continued to accelerate through 1968 and early 1969.  
3. All of the indexes of demand pressures, with the possible exception of inventory investment and purchasing, have begun to weaken in the past few months.

4. The rates of increase in some of the early moving price indexes—stock prices and industrial materials prices—have been declining for several months.

5. The rate of increase in the Consumer Price Index has been relatively stable for several months. It is too early to say that a decline has set in, but the highest rates to date were reached last spring or summer, at about the same time as or a bit later than the highs in the demand-pressure indexes.

6. Rates of increase in wages may also have begun to stabilize, though at a much higher level than rates of increase in output per manhour. The discrepancy, which was especially large in the first half of this year, produced sharp increases in unit labor costs.

7. The rate of increase in the rate of increase in the Consumer Price Index has been relatively stable for several months. It is too early to say that a decline has set in, but the highest rates to date were reached last spring or summer, at about the same time as or a bit later than the highs in the demand-pressure indexes.

## Area Librarians Meet Here...

Cameron Public Library was the site this week of an area workshop for librarians from a wide radius of Central Texas libraries.

There is presently a display of children's art and sculpture, one of several displays for public viewing at this time of year.

Again and again, the Cameron Public Library is an example of modern Cameron facilities being used by local and state artists for display and as a meeting place for various organizations

like librarians, the Friends of the Library and others.

There is abuilding a community center in the additional housing projects on West Sixth St. and Cameron Business and Professional Women have established a club house across from the library and just east of Cameron Park.

A town on the grow needs these centers for group meetings and Cameron Public Library is one of the most frequently used in the city.

## Deposits Growth Index...

One strong index of an area's growth is bank deposits, particularly on a year to year comparison.

Milam area bank deposits are up by \$4.8 millions over the same bank call a year ago.

Cameron deposits are up a whopping \$1.8 millions while Rockdale deposits are up \$1.5 million. These gains are certain to reflect increased industrial payroll as well as higher seasonal deposits from agriculture producers.

The pattern holds in Rosebud with \$1.3 million increase, Buckholts with more than \$100,000 gain and Rogers with more than \$19,000 gain.

With the construction starts of a new \$1.15 million St. Edward Hospital, an \$800,000 housing development and industrial expansion both in Cameron and Rockdale, Milam Countians are able to look with confidence on the promise these things assure.

## HUD Officials Tour Downtown...

It was good to see officials of Fort Worth Regional Office of Housing and Urban Development touring downtown renewal sites Thursday.

They rode along with members of the Cameron Urban Renewal Agency in a bus, stopping to view first hand the various buildings and blocks scheduled for rehabilitation and improvement.

A good way to get things done is to

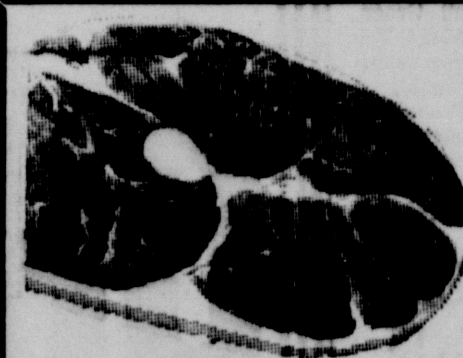

bring people together "on the grounds", so to speak, where things need to be done.

We are confident these HUD officials, Cameron Urban Renewal leaders headed by A. W. McCullin, the UR agency's engineers and appraisers will develop the final planning essential to bringing off the important modernization of downtown Cameron.

Participating churches are: St. Monica Catholic Church, First Methodist, First Christian, All Saints Episcopal, Bethel AME, Abiding Saviour Lutheran, Lights Chapel, First Presbyterian, and Progressive Missionary.

### JEFF DAVIS LIFE SKETCHED BY CITY ATTORNEY

Attorney Ed Magre sketched the life of Jeff Davis, President of the Confederate States, at the October Friends of the Library meeting Tuesday afternoon.

Mr. Magre was introduced by Judge W. C. Wallace.

Following the meeting punch and cookies were served by the Cameron Delphian Club with Mrs. A. W. McCullin, Mrs. Carroll Green, Mrs. Frank Reid, Miss Mary Yoe and Miss Mildred Thornton assisting at the refreshment table.

The next meeting for Friends of the Library will be December 9 at 7:30 p.m. when a program of Christmas music will be presented by the Baylor University Choral Department.

### SYMPOSIUM ON MOON WALK IS CLUB PROGRAM

Cameron Delphian Club met October 21 in the home of Mrs. Frank Reid with Mrs. J. D. Eplen as co-hostess.

Mrs. A. W. McCullin, president, suggested a cake sale to be held November 11 in order to finance the Christmas project of gifts for the Cameron nursing homes.

Program topic for the meeting was "Impact of the Moon Walk on Future Life." It was presented in the form of a symposium with Miss Mary Yoe speaking on Education, Mrs. J. A. Bowling on New Laws of Outer Space, and Mrs. E. J. Burkes on Science.

Following the program finger sandwiches and punch were served to 14 members.
